Supporting the 9 in 10 Who Did Not Report in Childhood: Strengthening the Response to Adult Survivors of Child Sexual Abuse & Incest

Who/What: A Briefing hosted by WINGS Foundation Inc. 

in coordination with

The Congressional Victims Rights Caucus

When: July 14, 2016
10am -11am

Where: SD-562 - Dirksen Senate Office Building
100 Constitution Avenue NE
Washington, District of Columbia, 20002

1 in 4 girls and 1 in 6 boys will experience child sexual abuse before their 18th birthday, yet only 1 in 10 report their abuse in childhood. In addition to underscoring the need for vital prevention and intervention services for child victims and their families, WINGS Foundation Inc. (WINGS) calls upon leaders to recognize the urgent and ongoing need for specialized information and direct services designed to support the 9 in 10, or 90%, of child sexual abuse victims who did not report in childhood—Adult Survivors.

Join WINGS for a special educational briefing and leadership conversation to examine opportunities to better meet the needs and honor the rights of the nearly 60 million Adult Survivors across the United States, who still need, deserve, and should have rights to receive specialized victim-centered services.

With your help, we aim to better inform and empower optimum health, wellness and productivity outcomes in every area of Adult Survivors' lives.

Presenter:

- Jennifer Stith, Executive Director, WINGS Foundation Inc.; Victim/Survivor Impact Consultant, Office for Victims of Crime Training & Technical Assistance Center, U.S. Department of Justice
- With a special message from Colorado Attorney General Cynthia Coffman
